

Duquesne Light

Our Energy...Your Power

1800 Seymour St.

Pittsburgh, PA 15233

To Whom It May Concern:

Shamrock Sign Company has recently manufactured and installed the Duquesne Light high wall sign on the 411 Seventh Ave. building (formerly the Chamber of Commerce building) in downtown Pittsburgh. We found Shamrock's performance to be excellent, providing an impressive sign and on budget. Installation was completed in an efficient and safe manner. They were very aware of the designer's vision as well as the owner's budget and needs. In addition, they worked closely with the building management to meet the building owner's concerns. We would not hesitate to use Shamrock again!

Should you wish to discuss this further, please feel free to contact me.

Sincerely,

Wally Reimer
